

Greg Hardwick Bio

Gregory M. Hardwick, P.E., Master CGP, LEED AP

At Hardwick General Contracting, our mission is to consistently balance beauty and elegance with basic conservation and sustainability principles. As a residential custom builder and remodeler specializing in green construction we work closely with clients to integrate specific levels of energy saving, durability, and indoor air quality into their home.

Greg Hardwick, P.E., president and owner of Hardwick G.C. has been in the multi-million dollar construction business for over 18 years. He is a LEED Accredited Professional (LEED AP) through the US Green Building Council (USGBC), is designated as a Certified Graduate Builder (CGB) and part of the first Certified Green Professional (CGP) graduating class and one of the first 10 to achieve the Master CGP by the National Association of Home Builders (NAHB). Hardwick is an advocate for the NAHB Green program and a Member of the Florida Green Building Coalition (FGBC) and the US Green Building Council (USGBC). An active Board Member and Executive Officer of the Home Builders Association of Metro Orlando, Hardwick was instrumental in establishing the local HBA Green Building Committee and served as the group's Chairman. Greg has a Bachelor's Degree in Civil Engineering and a Master's Degree in Engineering Management. He is a National Director for the NAHB and a State Director for the Florida Home Builder Association (FHBA).

Hardwick G. C. was recently inducted into two exclusive industry organizations – The NAHB Builder 20 Club 11 – The Craftsmen and the local Master Custom Builder Council (MCBC). The company won national acclaim through notable green certified homes, including: The 2009 NAHB Green Remodeling - Project of the Year. His team also received the first-ever FGBC Platinum certification on another 2009 residential remodeling project. Hardwick G.C. currently has multiple "Green" certified projects including 3 at FGBC's Platinum level.

As an educator throughout his career at Fortune 250 companies and primarily as owner of Hardwick General Contracting, he has educated hundreds Central Florida / Greater Orlando builders and subcontractors about green home construction and remodeling. In turn these builders and trade partners have impacted home construction on countless projects in recent years. Greg is also an approved NAHB Instructor.
